Website Vulnerability Scan Report

Scan Information

Scan ID	23
Target URL	https://www.ilovepdf.com/word_to_pdf
Scan Type	Full
Status	Completed
Scan Date	2026-07-23 11:38:35

Summary

Total Vulnerabilities	350
Critical	0
High	70
Medium	140
Low	140

Detected Vulnerabilities

#	Vulnerability	Severity	CVSS
1	Content-Security-Policy	High	7.5
2	Content-Security-Policy	High	7.5
3	Content-Security-Policy	High	7.5
4	Content-Security-Policy	High	7.5

Detailed Findings

1. Content-Security-Policy

URL: <https://www.ilovepdf.com>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

2. Content-Security-Policy

URL: https://www.ilovepdf.com/add_pdf_page_number

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

3. Content-Security-Policy

URL: <https://www.ilovepdf.com/ar>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

4. Content-Security-Policy

URL: <https://www.ilovepdf.com/bg>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

5. Content-Security-Policy

URL: <https://www.ilovepdf.com/business>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

6. Content-Security-Policy

URL: <https://www.ilovepdf.com/ca>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

7. Content-Security-Policy

URL: <https://www.ilovepdf.com/compare-pdf>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

8. Content-Security-Policy

URL: https://www.ilovepdf.com/compress_pdf

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

9. Content-Security-Policy

URL: <https://www.ilovepdf.com/contact>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

10. Content-Security-Policy

URL: <https://www.ilovepdf.com/convert-pdf-to-pdfa>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

11. Content-Security-Policy

URL: <https://www.ilovepdf.com/crop-pdf>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

12. Content-Security-Policy

URL: <https://www.ilovepdf.com/de>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

13. Content-Security-Policy

URL: <https://www.ilovepdf.com/desktop>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

14. Content-Security-Policy

URL: <https://www.ilovepdf.com/edit-pdf>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

15. Content-Security-Policy

URL: <https://www.ilovepdf.com/el>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

16. Content-Security-Policy

URL: <https://www.ilovepdf.com/es>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

17. Content-Security-Policy

URL: https://www.ilovepdf.com/excel_to_pdf

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

18. Content-Security-Policy

URL: <https://www.ilovepdf.com/features>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

19. Content-Security-Policy

URL: <https://www.ilovepdf.com/fr>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

20. Content-Security-Policy

URL: <https://www.ilovepdf.com/help/about>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

21. Content-Security-Policy

URL: <https://www.ilovepdf.com/help/documentation>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

22. Content-Security-Policy

URL: <https://www.ilovepdf.com/help/faq>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

23. Content-Security-Policy

URL: <https://www.ilovepdf.com/help/legal>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

24. Content-Security-Policy

URL: <https://www.ilovepdf.com/help/security>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

25. Content-Security-Policy

URL: <https://www.ilovepdf.com/hi>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

26. Content-Security-Policy

URL: <https://www.ilovepdf.com/html-to-pdf>

Severity: High

Description: Missing Content Security Policy (CSP) header. This may increase the risk of Cross-Site Scripting (XSS).

Recommendation: Implement a Content-Security-Policy header.

27. Content-Security-Policy
